

# TIER III CCAP COURSE NUMBER, PREFIX, AND CROSS-LISTING

---

All Tier III Capstone courses must carry the course number and prefix of CCAP 3XX.

Departments will be allowed to cross-list a 300-level departmental course with a CCAP course if the course will be part of an academic program.

The course may count toward both requirements at the discretion of the department. To ensure interdisciplinary enrollment, appropriately proportional enrollment caps for the CCAP course and its corresponding departmental cross-list will be decided and agreed upon by the Chair of the department within which the CCAP course is cross-listed, together with the Dean of Academic Affairs, at the time the course is scheduled.
